

Discover the Horton Building

The Horton Building is a captivating downtown masterpiece that is both versatile and spacious, perfect for a wide range of events. Located just three blocks from the Music City Center in the heart of downtown Nashville, our unique space is easily accessible from most downtown hotels.

The venue works with any style or theme. From modern to rustic, urban to country, art deco to vintage, we have successfully planned events with a wide range of styles. Whether you're planning an intimate social gathering, dream wedding, rehearsal dinner, fundraising gala, or birthday party, The Horton Building is the ideal setting.

Two Unique Event Spaces

The Portico is 3,800 square feet of covered outdoor space in the heart of downtown Nashville! The perfect setting for wedding ceremonies, cocktail receptions, dancing and more. Set under our twinkling marketlights, a constant breeze makes the space more inviting without the fear of a rain out!

The Showroom is exactly that, with its floor to ceiling windows overlooking the portico allowing for lots of natural light when you want it. At 3,500 square feet it is the perfect size for 150 people for a seated dinner or standing reception for 300. The venue also features hardwood floors, a built-in bar, a large catering room, and very spacious bathrooms.

Services Beyond Venue Rental

We offer more than just a venue! Need help planning? We can help with your needs for AV, catering, decor, vendor referrals, and more. Check out our additional services to enhance your event!
