

About Us

Being in the wedding industry for 25 years, we have learned that our clients and our guests all have a variety of styles and preferences. We know that what makes your event stand out from the rest is the experience. You can get married anywhere, but we at Twin Oak Garden are here to make your event unforgettable. From the moment your guests arrive they can leave a voice mail message to you on the vintage phone. You'll receive a wooden jump drive to cherish for a lifetime. They will be seated under the whimsical market lighting in front of our barn ceremony site. The barn doors are open and adorned with sheer curtains and your choice of floral decor. The aisle is decorated with your choice of decor. The cocktail hour area is perfect for your guests to take countless photos on different backdrops. The wine barrels and sit-down tables are perfect to enjoy your fruit and cheese appetizers. The most adorable Pinterest-worthy horse trailer bar is an unforgettable NEW addition to our venue. Any event can serve drinks, but here you can be served Moscow Mules adorned with dehydrated oranges and fresh mint. As your guests pass by our NEW champagne wall, they can grab a glass and check out your optional stations. They'll talk about the soft pretzel bar and our milk and cookie bar, as it brings back childhood memories. As they move inside, they will admire the handmade farmhouse tables in your choice of color and decor. They will enjoy the coziness of the fully draped room and icicle curtain lights throughout. When it's time to eat, we love our buffet style dining and our drink station. Your decadent desserts will be displayed in front of our antique doors, reclaimed from an old farmhouse. As the event comes to an end, our couple will enjoy a private last dance as their guests head back out to the barn for your send off.

The new photo-ready stations like the horse trailer bar are what will stand out in people's memories.

We at Twin Oak Garden are working hard to constantly upgrade your event for a premium barn-style experience.
