Labyrinth Ceremony

(based on availability)

If you are looking for something a little unique and different than a traditional ceremony the labyrinth is a beautiful spot with 360 views of the red rocks all around! All of our properties also have access to our Labyrinth which is why it is a first come first serve for whomever reserves it. The Labyrinth is a sacred place to get married and there's a lot of symbolism behind it. A labyrinth can be seen as a metaphor for the unknown and the adventure that lies ahead in marriage. The labyrinth serves as a profound symbol of life's journey, embodying a singular path with only one entrance and exit. In a labyrinth ceremony, one partner enters independently, followed shortly by the other. The act of traversing the labyrinth signifies the myriad twists and turns each partner may have encountered before finding one another. Yet, amid the complexities, it's the enduring love shared between them that ultimately unites their paths, bringing them together in a harmonious union. In the labyrinth, the center is a symbolic representation of love, where vows and ceremonies unfold. After the ceremony, as you walk out hand in hand, it signifies that, despite the twists and turns inherent in a married couple's journey, the profound roots of love between you both will serve as a steadfast guide, ensuring resilience through any challenges as long as you stand strong together. The overall labyrinth meaning can be shaped by personal beliefs, experiences, and the cultural or religious context of the ceremony.

Accommodations for your guests

To alleviate expenses, many of our weddings have adopted a unique approach where guests contribute towards accommodations in the residence. Lodging is not conventionally covered when inviting guests to attend a destination wedding. Extending an invitation for guests to stay onsite allows them to fully experience and enjoy the Oasis's amenities, eliminating the need for them to secure individual hotel arrangements. This arrangement not only helps guests save on costs but also provides a mutually beneficial solution, creating a win-win scenario.

A variety of room accommodations for up to 58 people
