## Want to know more about us?

The LedgeRock, a venue built to impress you and your guests. Located in Orangeville, NY, The LedgeRock is a newly renovated barn situated on 120 secluded acres that provides unique, unparalleled access into some of nature's most scenic views.

***The Barn:*** Built in 1910 by H.G. Glor, the barn maintains its century old authenticity and charm while boasting some modern updates that create a "Rustic Elegance" for all events.

-A Spacious covered porch built from Larch trees cut on the property adorns the east side of the barn.

-Inside two large crystal chandeliers radiate their light through the entire barn and can be hung at any height to provide the lighting effect that's desired for your event.

-Three different levels are located inside the barn that can be customized to fit everyone's desires. Turn the top level into a lounge that overlooks the floors below or seat your guests on all three for a truly magical experience.

-A large bar area is found in the middle of the barn that features a turn of the century wooden ice box turned refrigerator to keep all your drinks ice cold. The bar top itself was cut from a large cherry tree that fell on the property. This space is also equipped with drink ice & water.

-The barn also features a large catering kitchen that will provide a convenient prep area for any caterer's needs.

-Indoor handicap accessible restrooms.

***The Property:*** Hidden in the rolling hills of Wyoming County, The LedgeRock sits nestled at the end of a private drive. Three newly dug ponds grace the property with two being located on either side of the driveway as you enter and the third located within arm's reach of the covered porch attached to the barn. Behind the barn a long spacious landing cuts its way through steep ravines that roll off all sides of it making it a truly unique and picturesque spot for a ceremony. An old roadway winds down the side of this landing and gives way to a secluded waterfall.

***The House:*** *The Little House at Dutch Flats Airbnb* is located on the property. This newly renovated guest house is a quaint three bedroom home that has an open floor plan and modern feel. The house is equipped with central air, WiFi, a bridal suite and all the amenities to make you feel at home.
