Main Property

Secret Gardens Miami is an enchanting 2.5-acre property, ideal for a destination wedding. It was designed and created by a landscape artist who was inspired by the beauty of South Florida's natural ecology and rich pastoral scenery.

The "wow" factor of Secret Gardens Miami comes in large part from the natural coral rocks and tropical foliage used to recapture the essence of a forgotten past where a lush green ecosystem thrived and natural lagoons and waterfalls flowed continuously to a soothing rhythm. Love and romance come alive from the vast grassy ovals to the multi-sided cloisters. Couples will be charmed by the rustic stone arches, stone-shaped seating, and bridges stretching above Koi fish-filled lagoons.

Not only is Secret Gardens Miami a tropical adventure and a wedding day nirvana rolled into one, but it will also keep guests busy admiring the foliage, the colorful planting, and the vibrant fish life that make this area so spectacular. The property is equipped with a prep kitchen, two elegantly appointed dressing rooms, two spacious sitting areas, and 2 restrooms for the couple and their party.

Couples can rent the property from 1:30pm to 11:30pm for their big day, ensuring that there is no feeling of being rushed to set up or wrap up the festivities. Secret Gardens Miami has six (6) preferred catering companies (please see our website for current list).

We offer tours four times a week to see the property and meet our trusted preferred vendors. Reservations are required. Contact Blanca or Danielle at 305-507-7405 to reserve your spot.
