

FORGOTTEN BARREL
WEDDINGS

Welcome to Forgotten Barrel Weddings! Our goal is to provide you with a beautiful property for your special day, while offering a comprehensive wedding package that's easy to understand!

ABOUT US

Originally established in 1886 as one of San Diego's first vineyards, our property is rich with rustic buildings and old growth greenery. The winery was purchased by George Ferrara in 1928, grew to prominence in the California wine industry, and was run by 3 generations of family members until it closed in 2010.

Forgotten Barrel restored this historic property in 2017 and will continue to tell the story of the Ferrara family and the history of this amazing California landmark.

We can't wait to host your wedding in our special neighborhood winery!

WINERY PROPERTY

You'll have access to our patio terrace, ceremony lawn and barrel room for all of your wedding activities! You'll also have access to the entire property for plenty of photo opportunities. Our spacious ceremony lawn offers beautiful views of our Muscat de Alexandria vineyards. You will also find a permanent pergola that you're welcome to decorate however you see fit for your ceremony back drop!
