A Note from Our Culinary Team

" We can think of no time or event where two people deserve more thought and care than a couple on their wedding day.

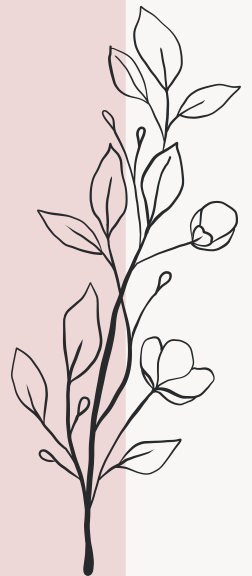

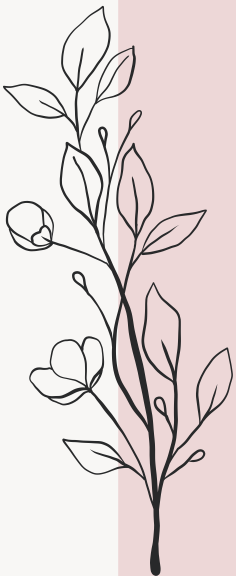

This belief speaks to the heart of our wedding philosophy.

When your day arrives, you will remember every detail for the rest of your lives. That is a responsibility we are honored to take on if you will allow us to do so.

Our team will create a menu not only memorable and delicious for your most cherished friends and family, but one you will have a deeper connection to and reminisce about for years to come. Your wedding menu will be written just for you to reflect not only food you will enjoy, but to tell your story and reflect your personality and style.

An element of your menu may remind you of your first date or engagement. Parts may reflect your family, favorite food or cuisine, wedding theme, favorite cocktail, or wedding colors. These are a few examples of the devices we use to provide a deeper level of service to our wedding couples.

We hope you let us share in your special day. We wish you all the happiness in the world as you embark on your great adventure. "

Testimonials

LITTLEJOHN-MCWHORTER WEDDING

"I cannot express enough how thrilled I am that we went with The Blackwell for our wedding. Our contact was super professional, helpful, and knowledgeable throughout the entire planning process. They had helpful hints that worked with couples in the past and she was very hands on the day of our wedding. She kept checking in on myself and the groom to see if we needed anything, making sure our food came out on time, making sure that each member of the wedding party knew when and where they had to be. I cannot stress enough that our day would not have been as perfect as it was without the Blackwell Team! Highly recommended!!!"
