

*Weddings at The Mariners'*

LINDSAY FAUVER PHOTOGRAPHY

## *A Beautiful Setting to Tie the Knot!*

A true gem in central Newport News, we are proud to host a collection of venues for any taste and occasion. An elegant courtyard, a lakeside overlook, a private banquet room, and a beautiful hill on the beach are only a small part of what our incredibly versatile site has to offer for your special day.

Excite your guests' interest with access to our changing galleries or a tour through our award-winning USS *Monitor* Center. Enjoy calm spring nights under the stars outside, or a steady snowfall through a wall of windows inside.

Let us help you find the ideal environment for your wedding. From sophisticated to whimsical, you're sure to find the perfect space among our unique and striking settings to say "I Do."

## *About the Team*

Our amazing team consists of two coordinators dedicated to providing a unique and memorable event experience for you and your guests. Jessica is our Wedding and Private Events Coordinator, and Meg is our Corporate & Military Events coordinator. While their focus on events is slightly different, they work collaboratively to support their clients.

*"Our favorite thing about working weddings is seeing couples at their happiest. The months of planning, ideas, and anticipation all lead up to such an amazing event and a beautiful long-lasting memory. We are honored to be a part of your special day!"*

*-Jessica & Meg*

## *What People are Saying*

ECHARD WHEELER PHOTOGRAPHY

Our wedding turned out absolutely beautiful! The staff at the museum were extremely helpful in trying to make our big day perfect. I would definitely recommend this as a top place to get married, especially if you would like to do a nautical theme.

*-Asha*

The staff was extremely helpful and accommodating. They helped keep me on track for my original vision and the South Courtyard was the perfect setting! The entire night ran smooth and I wouldn't change a thing. Worth every penny and then some!

*- Rebecca*
