“ We were completely blown away from the wonderful food, amazing service, and beautiful scenery. Pacific Palms was recommended to me by a friend a year ago, and when I saw the venue and how the gazebo was overlooking the entire area, and how beautiful the colonial ballroom was, I knew I had to have my wedding here. Honestly, everything was quite amazing. Everyone was super nice. I recommend this as a great wedding venue for anyone.

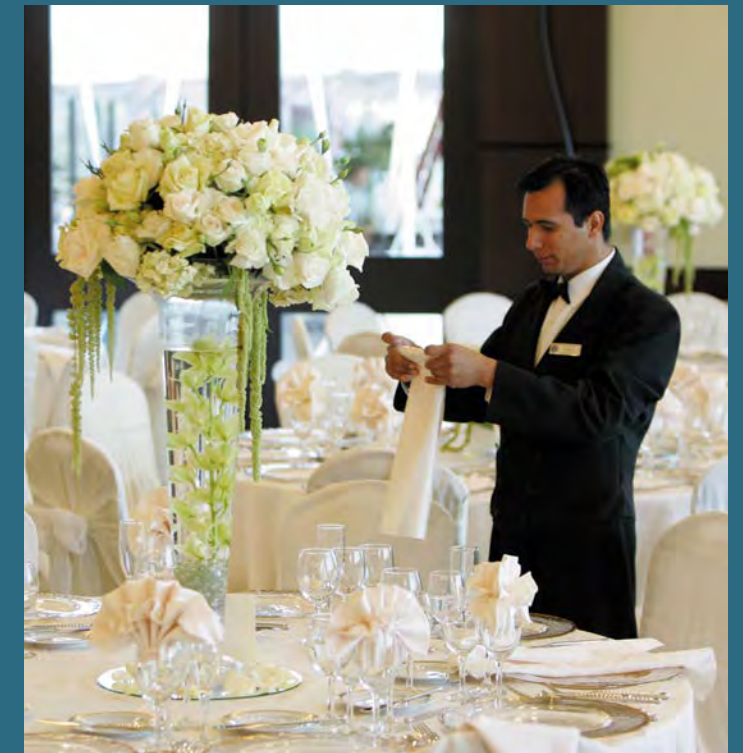

“My husband and I used Pacific Palms Resort for our wedding venue and could not have been happier. The staff was incredibly attentive and accommodating to our needs both leading up to the wedding day and throughout the event. The food was amazing, the venue was gorgeous, and the coordination was crucial. We could not have been happier with the location for our big day.
