Sonnenberg offers two primary venues for wedding receptions and dinner events: an indoor facility (our Carriage House) that can seat approximately 75 or fewer guests when you plan to include dancing at your dinner event, or outdoor receptions staged under a beautiful white pole tent for larger groups with 70 – 250 or more guests. (Tent sizes and pricing varies depending upon your guest count and event needs.) With Sonnenberg's inclusive site/service packages, you are free from much of the stress of planning, so you can concentrate on enjoying every minute. All receptions include an optional evening (usually 5 p.m.) ceremony, allowing up to six hours before your reception concludes at 11 p.m. Sonnenberg reserves the evening time slot for ceremonies with receptions following in order to offer dedicated use of the park venues throughout the evening when the park is closed to public guests.
