History

James County was organized in 1871 during the troubled reconstruction period following the Civil War. The courthouse, known as "Old Jim," was completed in 1913. In 1919, the county was dissolved and became part of Hamilton County. James County came to be known as "the lost county." In March 2000, two sisters and a brother purchased the courthouse and gave it a new direction—the Mountain Oaks Wedding Chapel. It was sold to Tim and Sonya Guffey in 2017 and continues to grow as a wedding venue and Tearoom.

Mountain Oaks is also a Tearoom. Available for Bridal Teas and Showers. Let us help plan your Special Day or Party.
