WELCOME TO TACS

TACS Stables is a beautiful new event venue in the Chicago suburbs. Recently renovated, the property is on 20 acres and has multiple areas for entertaining. It has a rustic chic vibe while still being extremely casual and fun. Located 40 miles from Chicago on Route 176. It's an easy drive and relatively close to the big city, yet feels worlds away with its farm style and amenities.

THE CLUBHOUSE

The main building is a 4000 square ft clubhouse with high ceilings and contemporary Western décor.

The clubhouse has an open kitchen, but caterers typically prepare food out of the two car attached garage.

The space can accommodate 100 guests seated and has beautiful tiled flooring—no dance floor needed! There is an indoor riding arena that has a viewing area from within the clubhouse and can be used for event parking.

TENTED EVENTS

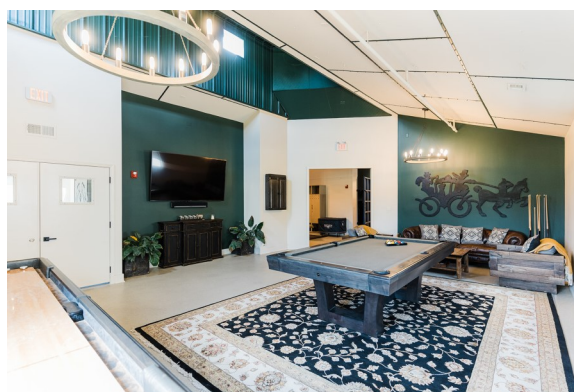

Tents can be set up at multiple locations on the property. The largest location with easiest access to the Clubhouse is in the drive between the Clubhouse and the pond with the fountain. Guests can then easily flow from the Clubhouse into the tent, use the indoor restrooms and the caterer serves from the attached garage.

Blue Peak Tents is the exclusive vendor.

ADDITIONAL AMENITIES

There is a large game room with a pool table, darts, shuffle board and a large screen TV and bathroom.

The property has three ponds, a large dock below a grand staircase, an outdoor arena, a 30x30 ft. deck, an authentic 30 ft. high furnished teepee, 2 separate areas for bonfires complete with Adirondack chairs, a vegetable garden, horseshoes, a BB Gun Range, and a little barn where all of the farm animals stay. The little barn has a cow, goats, donkeys, chickens, ducks, swans, a peacock, turkeys, a pig and lots of new babies.
