## Great Location

The Gardens at Viola's is an ideal location for your wedding or special event. We are located a 1/2 mile south of the county fairgrounds in Flagstaff, Arizona. Our property is conveniently close to town, but still gives the feel of being in the forest. Overlooking the neighboring nursery, Viola's Flower Garden, our outdoor scenery provides the perfect setting to celebrate any occasion.

## Make it Your Own

We encourage our clients to make the space feel unique to them, and we allow external vendors and decorations. However we do provide a day of coordinator with every rental, to help ensure your guests are comfortable and your event is a success. We want to be able to help as much or as little as possible and provide upgraded planning services if requested.

## Indoors or Out

Our 6000 square foot building was built to entertain. The building consists of banquet room, bar area, bridal suite, and easy access to the outside patio area.

As Flagstaff weather can be unpredictable, you can enjoy your event knowing that we can accommodate indoor and outdoor activities seamlessly. You get to experience the changing of the seasons here, as the neighboring nursery offers different scenery and seasonal decorations for all four seasons.
