Event Policies

A final guaranteed number of guests is due at least fourteen (14) working days before your event. If no guarantee is received, we will prepare and charge for the maximum number of estimated persons upon booking.

An 18% service charge will be added to all events and functions.

We require a deposit of 20% of the minimum food service requirements for the event booked. This deposit is due 90 days before the event date. If an event must be cancelled, the deposit is NON-REFUNDABLE. Full payment of food and beverage is required prior to event. Charges for additional guests and bar overages may be placed on the credit card authorized at the end of the function.

Alcohol must be paid in full prior to the event.

Final menu selections should be submitted 30 days before your event to ensure availability of the desired menu items.

No outside food or beverage may be brought in to any event space or area. Wedding, birthday and anniversary cakes are the only exception to this rule with prior approval.

Guests will be admitted to the event space and expected to depart at the times stated on the contract. A labor charge of \$100/hour will be added to the event bill if our staff is not able to begin breakdown at the listed end-of-function time.

We are not responsible for damage to or loss of any items left before or following any event.

The patron is responsible and shall reimburse the Department of Parks for any damage, loss or liability caused by any of the patron's guests or any persons or organizations contracted by the patron to provide any service before, during and after the event.

Any items to be put on meeting room or lobby walls, or any directional signs, must be pre-approved. The customer is responsible for removing these items following the event and is responsible for any damage caused by these items.

Rental fees and associated costs for any specialty items requested for your event will be charged to your bill.

Please have bands, disc jockeys, florists, bakeries, etc. call the Group Sales Coordinator to discuss set-up and break down times.
