Main House

4 Bedrooms, 2.5 Bath, Commercial Kitchen, Dining Room, Living Room

Please note, there is one full bathroom with a shower in the Main house, and one full bathroom with a clawfoot tub. There is a half bathroom located next to the kitchen. Downstairs there is one primary bedroom and upstairs there are three bedrooms. Two additional bathrooms with showers are located outside near the pool.

Guest House

3 Bedrooms, 2 bathrooms, Living Room

Please note, one bedroom has a queen bed and one bedroom has two double beds. Both bedrooms have a closet and bathroom with a shower. If you go up the spiral staircase, there are two double beds with no bathrooms upstairs. We do not recommend older adults sleeping upstairs in the Guest House. This is a great option for the bridal party.

The Loft

10 Twin Beds

Please note, the Loft is located upstairs when you enter through the garage. There are 10 twin beds and a pool table. There are no bathrooms upstairs, but there are two full bathrooms with showers directly outside of the garage. We do not recommend older adults sleeping in the Loft. This is a great space for groomsmen, younger children, or teens.

Outdoor Weddings

3 Ceremony Locations, 3 Reception Locations

Stella's Garden Estate is best suited for outdoor weddings. Many couples love having their ceremony on the Front Lawn. There are two options for the front lawn: vows at the porch as shown below or vows overlooking the hills. To accommodate a larger wedding we recommend utilizing the Back Lawn. For a more intimate wedding, we have a smaller lawn directly next to the courtyard.
