THE BARN

HORNBAKER GARDENS

We know how much planning goes into preparing for your big day and how many details there are to consider. We have put together a list of some reminders of things that often get overlooked. We've also included some helpful tips we have learned that can go a long way in ensuring the events of your day run as smoothly as possible.

- **Rehearsal:** Rehearsal to be set, 8 weeks prior to wedding, based on The Barn's availability. At that time, we can also let you know if you will be able to get in The Barn the day prior to your wedding for decorating.
- **Linens:** Wherever you rent your linens, make sure they are scheduled to arrive when you are ready to begin decorating. Tables cannot be set with flowers, candles, water glasses and carafes, etc., nor can your napkins be folded and placed, until your tablecloths are in place, so make sure your linens are arriving earlier in the day.
- **Directions:** GPS is not the most reliable source for directions to our venue. We suggest you include the directions on the previous page with your invites.
- **Cake Cutting:** Make sure someone is assigned to cutting and serving your cake. If the person who made your cake is not responsible for this, please ask us for options. We have learned there is a bit of an art to cake cutting. **Also, don't forget to plan for plates, forks, and napkins, if this is not something already taken care of by your cake person.**
- **Host Duties:** We suggest you consider having a host and hostess greet your guests at the door when they arrive and explain to them where to go. This is especially helpful if you would prefer your guests not gather in the reception hall before moving outside for your ceremony. We have a couple of signs pointing guests to the ceremony along the sidewalk around the building, but some people may need to drop off a gift or need to use the restrooms before the ceremony. A host and/or hostess could be very helpful to you and your guests.
- **Release Tables:** Designate someone to release tables to your dinner buffet. Some caterers handle this, but others do not, so make sure to check with your caterer. This is also something your host and hostess could handle.
- **Ceremony Music:** If you have musicians playing for your ceremony, we need to have them here an hour early to do a sound check. Music is an important element of many ceremonies, and we want to make sure our sound staff is prepared to meet the needs of your musicians.
- **Golf Cart:** Don't forget we do have an 8-seater golf cart available to you to transport guests who may otherwise have a hard time walking to their seats. If you plan to use the golf cart, make sure to designate an usher or other responsible adult to be the driver.
- **No Wi-fi:** Please let your DJ know we do not have Wi-fi and they should come prepared to hook to a hotspot
- **Seating Chart:** Alphabetical listing is the quickest way for guests to find themselves.
- **Leftover Food:** Please bring appropriate coolers needed to store your leftover food overnight if you are staying at a hotel as we are not back in the office until Monday.
