ABOUT US

GET TO KNOW US BETTER

OUR STORY

The Madison was built in the early 1900s as the home of Republic Brass Company, a luxury faucet manufacturer. After years of disuse, the space caught our eye, and we fell in love with its history and its potential future. As event professionals, we knew we could merge the space's historic industrialism with modern minimalism and create a space as unique as the people who would fill it. The new space was designed to blend the best of the past and the present, and in 2018, The Madison officially opened in the heart of the Midtown district as the premier location for Cleveland's top events.

The experience of a lifetime

A BLANK CANVAS

At The Madison, the sky's the limit. The style may be minimalist, but don't let that fool you: we've thought of everything, and we're ready to create an event that exceeds your expectations.

From the aesthetic to the design, every part of The Madison is designed to foster creativity. The white brick walls, twenty foot ceilings, and open layout serve as a beautiful minimalist backdrop for your event.

INCREDIBLE IS IN THE DETAILS

Planning a fashion show? Fundraiser? V.I.P. party? Gala? Our space is flexible, so whether your event calls for theater style seating, table seating, or no seating at all, we've got it covered. And let's talk Style Suites. Filled with natural light and designed by our friends at Restoration Hardware, our Style Suites serve as dressing rooms, staging areas, or just a place to catch your breath in the midst of your event. Under the stars with the city of Cleveland in the background. And don't worry: your behind-the-scenes team is in good hands. Our catering prep area and loading docks make set-up simple, and with on-site tables and chairs, you can cross one more thing on your to-do list. Your event should be perfect.

Come see why the area's top event planners choose us again and again, and bring your vision to life at The Madison.
