

# Welcome to The Peak

The Peak at Edison is a modern venue with an industrial flair which features a wrap-around rooftop patio with a unique view of downtown Columbus. Located just 15 minutes from downtown and minutes from the airport, having your big day here cuts down on travel time for your guests.

In addition to the main event area, our space includes a Bridal and Groom's suite. The Venue features a neutral color pallet and small design touches that allow you to customize the space to match your vision. We want your day to be as beautiful as you imagine it to be, and with us, it will be.
