

COTTONWOOD
BARN

Congratulations you've found us!

Now let's plan your happily ever after...

Welcome to Cottonwood Barn, situated in acres of rolling hills surrounded by 100-year-old trees.

Our beautiful barn can be set up for small intimate weddings or larger weddings of up to 350 guests. The white walls and gorgeous chandeliers create the perfect backdrop for your dream wedding.

Enjoy lake views from our spacious balcony or relax on the pier. With indoor and outdoor bars and a choice of ceremony areas, Cottonwood Barn is the perfect location for your special day.

Start your day with exclusive access to our getting ready rooms, with full bathroom, large vanity station and perfect lighting for those iconic pre-ceremony pictures.

Downstairs we have an additional getting ready room to prepare for the big day which means both members of the wedding party can get ready in their own locations!

Hotel accommodation is available just a short 4 miles from the venue. The nearby city of Paris, Texas is known for its charming downtown area, historic architecture, and friendly community.

In the expansive grounds at Cottonwood Barn we are lucky to have wild deer, ducks and other wildlife.

Leading up to your day:

- Our committed team are experienced in assisting with everything you need to make your wedding perfect. The most common thing we hear is 'we've never done this before' so no question is one too many.
- We will invite you for an afternoon or evening planning session to help finalize your vision and layout design prior to your big day.
- Onsite meeting with our Venue Concierge and any vendors to go through your day step by step so you feel confident about how your day will be run.
