FALL LINE STATION

INFORMATION PACKET

ABOUT THE VENUE

Our gorgeous wedding and event venue is located in the heart of historic, downtown Macon. The beautiful architecture that makes our space unique was constructed in 1918 by Dr. W.G. Lee from Wilkinson County, Georgia.

Opening as a two-story horse and mule shop, our building was later converted into an automobile dealership and repair shop. Our renovation of the building began in 2018, preserving as much of its historic architecture as possible.

Opening in October of 2020 as Fall Line Station, the building's exposed brick, railroad trusses, wooden beams and ironwork perfectly accentuate the beauty of our industrial-chic event space!
