# FOUNDRY RUINS

AT ATLANTA UTILITY WORKS

About the Space

The Foundry Ruins is a historic event space located within the old agricultural factory known as the Atlanta Utility Works. The site once served as the metal foundry for the manufacturing site in the 1900's. Today it is a unique and historic events space where memories are made.

We can't wait to make memories with you!

Spanning over 3,000 square feet the Foundry Ruins event space is secluded from the rest of the facility's operations. The space can hold up to 200 people comfortably. String lights and colorful plantings adorn the space.

The Foundry Ruins includes a fire pit (the old metal melting pot of the foundry), artificial turf with french drains underneath so that water drains quickly away from the site. This is ideal for rainy events or rain the previous day. The site will stay dry and in good condition for your event.
