In 2021, a family from Chicago purchased the former Holliday Inn directly from the Holliday family who had built and operated the inn since the 40's. This Folly landmark has welcomed surfers and beach-goers for decades. Matt Baldino had been vacationing on Folly Beach with his closest friends for over a decade, and the opportunity to bring new life to this piece of Americana was a project that called to him.

Together with his wife, young son Harrison, and 2 of his brothers, they embarked on a years' long journey that is culminating with a complete restoration and renovation of the Inn.

With a deep understanding of how precious time with family and friends is, and how important major life events are - the rejuvenated Folliday Inn welcomes guests with the hope of creating a lifetime of memories.

The team at the Folliday Inn has one goal - to make your special day one you'll cherish and remember forever. We promise to go the extra mile for you. To find that one detail we can bring to life. Or perhaps to simply make your stay with us smooth and easy so you can just sit back and relax.
