Melhorn Manor sits on a three-and-a-half-acre property nestled in the small town of Mount Joy, Pennsylvania. The property dates back to 1750 and is one of the oldest and well-maintained historic properties in the town. We are conveniently located halfway between Harrisburg and Lancaster with five hotels within 3-5 miles of our venue.

We have two separate spacious suites for the bridal party to relax and get ready in on your special day. Both suites are large enough for any size bridal party and are fully equipped with modern amenities.

Melhorn Manor is proud to offer three diverse ceremony locations including both indoor and outdoor options as well as backup locations for last minute weather changes. With three barns available exclusively for every couple,

Our beautifully landscaped barnyard is our primary outdoor ceremony location. We also offer both floors of our climate-controlled Main Barn for ceremonies with no additional charge for room flips. Our heated Tobacco Barn is a newly renovated location for ceremonies that can be used year-round as well. Lastly, our Corn Barn can be utilized for seasonal smaller weddings of up to 130 guests.

Our Grand Reception Hall is located on the upper level of our Main Barn. We took great care during the renovation process to preserve the originality and historic elements of our barns while adding all of the necessary modern amenities. Melhorn Manor is the only Barn Venue that is fully handicapped-accessible. We also added several chandeliers and string lights to our reception hall for breath-taking photo opportunities. We offer stunning complementary ivory drapery for elegance and versatility of our 15,000 square foot reception area that can comfortably seat 30-300 guests.
