**Hi, we're Jim and Jen**, owners and managers of BellaVue Estate. We love mother nature and all things non-traditional. We're big feelers. We feel things very deeply and appreciate anything that you can pull at our heart strings.

When we look back on our lives and memories we've made, we realize that we're not usually thinking about the things we have, or own, that have brought us happiness. Instead we think about the people that were there and the moments we shared together.

We've been hosting weddings for 5 years now, and over the years have come to the same realization: that what makes a wedding

special are the people you love, gathered together to celebrate with you. What we would give to go back and recreate our own wedding, but this time intentionally creating even deeper family unity and bonds of friendship through an experience that would last beyond just a single day together. This extended time creates the moments, moments that go straight to your heart.

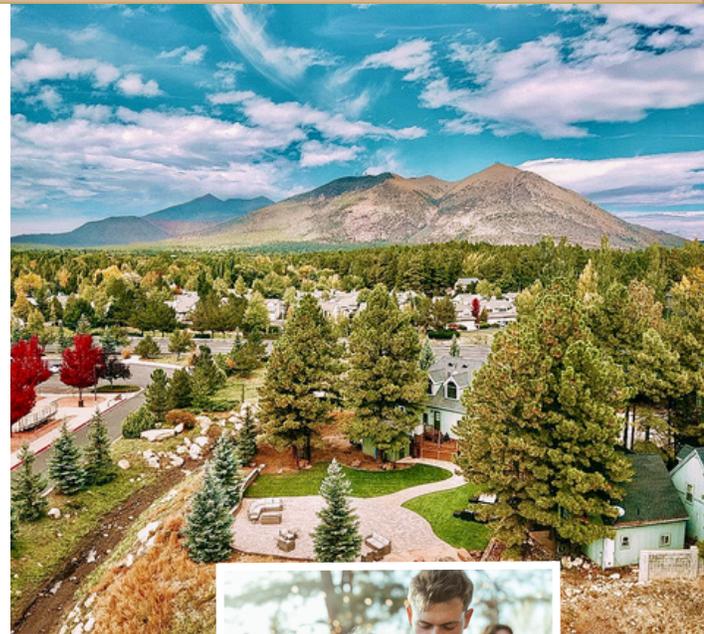

## OUR APPROACH TO WEDDINGS

---

### ***We're not about doing things just for the sake of doing them.***

Your relationship and wedding is so unique and we want to honor that. We thrive on providing a setting for you that is stress-free and magical, and let's your creativity shine, while having a heck of a good time (of course!). We appreciate couples who do things their own way and create a wedding day that truly represents who they are as a couple, even if it means breaking every wedding tradition in the book.

A + J

***Our job as owners is really special*** because our venue will provide the backdrop for one of the happiest days of your lives; a place where you will **exchange sweet vows**, hear words of **love** and encouragement from your father during his speech, the chatter of your bridesmaids, the **belly laughs** from your groomsmen.

### **Now we have a question for you...**

When you think about your wedding, what do you envision this special time to be like? What do you want to remember? What kinds of feelings do you want to hold onto forever?

S + J

### **What about additional events or activities...**

- Welcome party
- Day-after brunch
- Explore local sights

You have the space and time here to dream big. Permission to go ALL. IN. Booking the right venue is one of the most important investments you will make for your wedding. Make it count.

“THE COURTYARD  
IS SO GORGEOUS  
AND PRIVATE...”

“BellaVue Estate was hands-down the best wedding venue! We looked at a lot of different places throughout California and Arizona but **when we first visited Bellavue, we knew it was the one.**

The courtyard is so gorgeous and private, the parking lot is huge, which is where we had our cocktail hour and caterer, and **the mansion plus 3 cottages was the best part!** Being able to provide a place to sleep for our closest family members **made the weekend so much more memorable.**”

"The most beautiful venue in all of Arizona! We rented the whole property for the weekend for our wedding and had the rehearsal dinner on site, as well as our ceremony and reception. **The best part** was almost the entire wedding party was able to stay on site with us, almost 50 people, for the whole weekend, making it the **most memorable weekend of our lives.**

The main house, cottages, and small house were beyond gorgeous. If you stay here **your expectations will be blown out of the water!** I would not have wanted to get married anywhere else. If you're looking to get married in Arizona, do yourself a favor and check this place out... I promise you, you won't be disappointed!! "
