

2023/2024 RATE SHEET

We only book one wedding a day at Cadillac, so your day is all yours! A Cadillac rental includes the use of the entire venue and you & your wedding party may begin your day as early as 8:00a in the private suites. Your rental includes a dedicated Cadillac Event Manager and our specialized Operations Team. Your Event Manager will be your venue contact from booking through your wedding day. Our Operations Team will handle the furniture setup & breakdown, room flips, and venue cleaning. We require that you hire an approved, full-service wedding planning team to ensure that all of your wedding day details are planned & executed. We welcome outside planning teams, but if you prefer a full service, in-house experience, we can help with that! We have worked for years with Events By Summer Joy, and our companies work so efficiently together, we are able to offer the reduced combination prices below.

From the initial vision/design board to the day of your wedding, EBSJ will be your full service planning team offering: design guidance, vendor recommendations & research, setting up vendor meetings, budget maintenance, monthly check-ins to ensure you are on track, onsite planning meetings & pop-in visits to the venue, consistent communication using phone calls & emails, and itinerary creation. Your planning team will also coordinate/direct your rehearsal, and will be onsite for your wedding day to direct vendors, set-up your personal items, and to keep all of the details on track.

Occasionally, our couples prefer to work with their own, outside wedding planning team. We are happy to accommodate that request as long as the planner goes through our pre-approval process, and is approved by Cadillac, prior to being booked. Our venue-only rental rates are below.
