We offer simple DIY-wedding options to all-inclusive Wedding packages, designed to provide everything you need for your wedding & customizable to fit many budgets.

The original home, built in 1934, added onto in 2006, is the perfect blend of farmhouse design & Southern elegance. The original coal-burning double-sided fireplace stands in the center of the room, with the original well in the kitchen.

160-year-old barn beams were converted into fireplace mantels. The main reception wall is covered with 120-year-old reclaimed hardwood. The back wall of the Bar area has wood milled from the property 90 years ago.

In addition to Wedding Receptions, the Event Hall is the perfect setting for Rehearsal Dinners, Corporate & Holiday Events, Baby Showers & Reunions.

The "Hammerbeam" construction-design Wedding Chapel serves as a unique-outdoor-Ceremony environment.

The gorgeous landscape is filled with 100+ rose bushes, hydrangeas, & vast lawn spaces, perfect for photos & family gatherings.
