

Red Barn Chapel

BLAIR, NEBRASKA

Ceremonies & Receptions

Surrounded by more than 80 acres of farmland, tall grasslands, babbling brooks, and wildlife, couples can immerse themselves in a naturally calming and beautiful atmosphere at our venue. The whole property is filled with amazing photo opportunities.

After driving down the long lane, our red barn will greet you. Built in 1909 using harvested wood, we have renovated this historic structure to provide modern conveniences and comforts with the original character of the structure remaining intact.

Stunning wooden beams and glittering chandeliers light up the main event room as well as a warm stone-faced fireplace, brick floors and colorful stained-glass windows. As you step outside there is a large covered patio with strung lights, a grassy area for lawn games next to the stone fire pit, and an outdoor ceremony area overlooking the large trees and pond.

Couples also love the tradition of walking down the aisle to ring our antique bell after the declaration of their matrimony. Get in touch with us to view the property yourself and see what a unique venue it is for you and your guests to enjoy on such a special day!
